

# CCIM2S175

This bright white polyester film coated 2 sides is ideal for high quality digital print. The rich white look and coating allows you to print across multiple platforms in high color. This includes inkjet, laser, and HP Indigo. This sheet can die cut to make all plastic ID cards, hang tags, or key fobs. It is heat resistant, and water resistant. 2.0 mils to 10.0 mils available upon request. Our "IM" coating is water resistant and very durable.
