

# CCX151

This extremely bright white polyester film with a matte laser coating on the face is ideal for the face stock of a clean card. The rich white look and coating allows you to print high color. You can also use this face stock for a premium film label. It is laser compatible, heat resistant, and water resistant. You can also print flexo or thermal transfer with this topcoat. 2 to 10 mils available upon request.
