

# CCX2S126

This bright white polyester film coated 2 sides is ideal for high quality digital print. The rich white look and coating allows you to both flexo print and digital print high color. This sheet can also be printed on a UV forms press and die cut to make all plastic ID cards, hang tags, or key fobs. It is laser compatible, heat resistant, and water resistant. 2.0 mils to 10.0 mils available upon request. Our matte laser X coating is scratch resistant and very durable.
