

# CCXS126

This bright white polyester film coated one side is ideal for the face stock of a film label. The rich white look and coating allows you to print high color. This sheet can also be printed on a UV forms press and die cut to make all plastic ID cards, hang tags, or key fobs. It is laser compatible, heat resistant, and water resistant. 2.0 mils up to 10.0 mils available upon request.
