

CCXSC176

This bright white polyester film coated 2 sides is ideal for high quality digital print. The rich white look and coating allows you to both flexo print and digital print high color. This sheet can also be printed on a UV forms press and die cut to make all plastic ID cards, hang tags, or key fobs. It is laser compatible, heat resistant, and water resistant. 2.0 mils to 10.0 mils available upon request. Our "X" coating and "SC" coatings are scratch resistant and very durable. The combination matte/gloss allows for versatility to achieve the look and feel your customer is looking for. The matte side is for toner or UV inkjet only. The SC side can be printed toner or HP Indigo.

SC Super Clear Gloss Digital Top Coat

PETWP176 700 gauge White PET film treated both sides

TC50123 Premium Matte Laser Top Coat
