

CLBB2S034E

Coupon film ideal for use in the production of clean release cards. The pattern coupon with lift edges allows for the ID cards to be affixed and not pre-dispense even when heavy processing is intended. You can laminate the face stock of your choice. This coupon film has two liners. The face stock is printed face and back prior to lamination of the coupon stock. The 42# medium release liner is ideal for high speed die-cutting and application. The waste liner is an easy release film liner to make sure there is no confusion as to which side needs to be die cut. You should die cut to the paper base liner.

SLF3040 1.5 mil clear PET with easy release silicone. Release: 15g-30g / in
TC50617 An all temperature and freezer grade permanent acrylic adhesive with high initial tack, high shear, and high peel adhesion.
