

# DMH100

Self-encapsulating card. Pull card out, turn over, put back into diecut area to the exposed adhesive, push and pop out card to form a dual laminated card with 5 mils of polyester film plus paper stock. Bar codes, signatures, and color ink jet print is ideal for dualam. You can also make window decals that can be variably imaged. Included is a special clear holographic polyester film for security and high end marketing applications. A standard pattern is available with no pattern charge. Custom patterns will cost about \$5,000. Stock rolls are available for the standard pattern. Call for a sample. \*U.S. Patent # 6,022,051 may apply when making integral self laminating cards.

- SL055 42# SCK Liner - Easy Release
