

# LFPE050

Two mil clear pet with a top coat for flexo printing, perm outdoor adhesive, and a 6.8 mil lay flat liner. Make clear labels that can be used for window decals, product labels, and other applications where you want a film label to be able to be outdoors for an extended period.. This product is heat resistant and water resistant and has excellent clarity. The 92# liner is excellent for lay flat qualities.

- PETP050 PET 2 mil clear print treated 2 sides
- TC50610 Perm Outdoor Drum Label Adhesive
- SLPK10173 92# Polycoated Super Layflat Liner
