

# LFPQ050

Two mil clear pet with a top coat for flexo printing, “cling” adhesive, and an 8 pt tag lay flat liner. Make clear labels that can be used for window decals, temporary product labels, and other applications where you want a film label to be able to be removed clean from virtually any surface. This product is heat resistant and water resistant and has excellent clarity. The liner is printable on the back.

**PETP050 PET 2 mil clear print treated 2 sides**

**TC50614 Removable Adhesive Mid-Tack/ Blood Bag Compliant**

**SL03200 8 PT Tag Silicone Liner Easy Release**
