

LFPR049

A 2mil Clear PET film label stock, print treated for flexo print, has a mid-tack removable adhesive and 92# super lay flat liner. This product is ideal for shelf-talker applications that need a strong bond, but can be easily removed. The heavy polycoated liner, provides a good moisture barrier and keeps the product from curling due to extreme climate conditions.

- PETP050 PET 2 mil clear print treated 2 sides
- TC50611 #611 Removable Adhesive Mid-Tack
- SLPK1073
