

# LFVWQ080

This is a 3.2 mil white vinyl film. The adhesive is a laser safe mid tack removable adhesive. The adhesive can be applied in temperatures as low as +15F. This product is ideal for digital imaging when a laser or inkjet top coat is added. The face stock is very durable, water resistant, and tear resistant. The super lay flat PK liner will exhibit excellent lay flat characteristics even under the most difficult conditions.
