

LMETPETFE037

This product can be used to provide a reflective label for the application of your choice. The 610 adhesive is designed for outdoor use. The one mil PET covering the metal side of the 1/2 mil PET adds both durability and acts as a barrier to the metalized PET. The 40# liner is an easy release waste liner for fast automatic dispensing.

SL1056 42# Ultra- Easy Release Silicone Liner (Release 5g - 25g, 1" Tesa Tape at 180° 300ipm)
