

LPGLR051

Two mil clear pet with a top coat for flexo printing, “cling” adhesive, and a 40# sck liner. Make clear labels that can be used for window decals, temporary product labels, and other applications where you want a film label to be able to be removed clean from virtually any surface. This product is heat resistant and water resistant Excellent clarity. This product can also be produced with other adhesives and/or other film face stocks. The back of the PET has an enhanced primer to make sure the adhesive stays with the face stock in even the most difficult shelf labeling applications.
