

# LVWQ080

This is a 3.2 mil white vinyl film. The adhesive is a laser safe mid tack removable adhesive. The adhesive can be applied in temperatures as low as +15F. The liner is a 4.6 mil clay coated lay flat liner. Ideal for digital imaging when a laser or inkjet top coat is added. The face stock is very durable, water resistant, and tear resistant. The liner is printable via flexo, offset, and even some laser. The clay coat allows for optimal feeding inside production digital equipment.
