

# LWX051

This is a 2 mil bright white polyester film with a digital matte laser coating on the face. The adhesive is a laser safe standard perm. The liner is a 4.6 mil super lay flat laser sheet. This product is laser compatible, heat resistant, and water resistant. The digital top coat works well with IGEN, Nexpress, and other color lasers including LED printers. This product is designed to produce long lasting durable laser labels.
