

LWXQ051

This is a 2 mil bright white polyester film with a digital matte laser coating on the face. The adhesive is an all temp removable approved for direct food contact and ideal for shelf markers. The liner is a 3.4 mil lay flat laser sheet. This product is laser compatible, heat resistant, and water resistant. The digital top coat works well with IGEN, Nexpress, and other color lasers. This product is designed to produce long lasting durable laser labels that can be removed cleanly from smooth surfaces such as shelves.
