

OLDLF025

Special satin top coated laminate designed for tough low heat toner fusion desk top laser printers and thermal transfer printing. Less glossy than our SC topcoat but more glossy than having to use a matte. This top coating is used when you need the best toner anchorage possible on a lower heat printer or thermal transfer printer.

- SLF3037 1.5 CPET with silicone - easy release
- TC50601 #601 General Purpose Perm Adhesive
- PET025 1 Mil Clear PET untreated
