

OLIM052

This is a two mil clear double matte ink jet compatible and laser compatible top coating. It is truly a catch all. The matte coating is signature compatible as well. Photo printing should be tested. Run on a laser, impact, or ink jet printer. Also good for type writers. The standard perm adhesive and liner makes this product ideal for digital label printing.

OLIMS050 2 mil PET w/special matte TC for digital and ink jet printer
