

# OLMTS025

1 mil clear PET with a digital matte topcoat. This film has a premium matte top coating for laser, LED, and thermal transfer imaging. This topcoat is used when a crisp, clean image is required by the end user. This topcoat is designed for color laser printers and will work very well in standard laser printers too. This film is also signature compatible. Other gauges are available upon request.

**TC50123 Premium Matte Laser Top Coat**

**PET025 1 Mil Clear PET untreated**
