

OLNCB075

This is a 3 mil clear PET that has not been treated and does not have a topcoat. The raw polyester film has an extra gloss appearance and is laser compatible, but cannot accept toner or signature. This film can also be used to laminate label face stocks for extra durability. The construction features an all-temp, high performance adhesive with a 50# SCK liner. Please note, the liner will be wound out unless otherwise noted.
