

PBWXFB051

This is a piggyback label stock with an all temp perm adhesive for window decal or other durable label applications. The face stock is a bright white matte laser that can be both press printed and laser printed. The decal will be water resistant and very durable. This material can be die cut and applied on a label applicator or applied on a patch applicator with no die cutting. The mid liner is a 1.5 mil clear PET allowing print to be seen on the sheet once the label is removed. The base liner is a 40# sck ideal for automatic affixing.
