

TSDHCB65AN

Standard two liner transfer tape with high tack solvent replacement adhesive. The base liner is also CB coated to work with multi-part carbonless forms. The pattern dry edges allow for a heavy coat weight. Ideal for test tube applications or other difficult label applications. For 8.375" rolls, the minimum order is 300 msi, and there is a \$90 charge for less than 1,000 msi. For any other pattern width, the minimum order is 1000 msi.

SL1056A 42# ultra easy clay coated Liner (Release 5g - 30g, 1" Tesa Tape at 180° 300ipm) Silicone coated one side

616 High Shear durable adhesive that performs excellent on both high energy and low energy surfaces. This water based acrylic adhesive is an excellent choice when wanting to replace a solvent adhesive.

SL10040A 2.5 Mil Clay Coated Tight Release Laser Liner

TC50901 CB Black Top Coating
