

TSQ065

Transtick® used for the production of integral labels with a blood bag compliant adhesive. This product is made with a lower coat weight than the standard "blood bag" stock for integral labels. The lower coat weight will allow for this adhesive to act as a removable adhesive in certain applications.

SL1055A 42# SCK Liner - Very Easy Release

TC50614 Removable Adhesive Mid-Tack/ Blood Bag Compliant

SL10040A 2.5 Mil Clay Coated Tight Release Laser Liner
