

Dear Valued Customer,

Strata-Tac, Inc. received word today that the State of Illinois has issued a Stay-At-Home order. We of course recognize the importance of this declaration and we put the health and wellbeing of our employees and their families above all else.

With that said, our product lines do support “essential services” as many of our products are used in the transportation, food and medical industries. We have activated our disaster recovery plan and will continue to accept new orders and to ship orders as staffing levels allow.

We have given our staff the choice, allowing them to decide if they need to stay home or want to come in to work. We do anticipate running with a limited staff; therefore, we have secured agreements with partner coating plants in other states to help us fill some orders if necessary.

Please be as patient with us as you can through this period and if you need to reach us you can email us at customerservice@stratatac.com or call us at 800-884-9388. We will do our best to keep you updated.

Sincerely,

Tom Yeager
Vice President
Strata -Tac Inc.
