

IRCs & Clean Release Membership Cards

Strata-Tac offers a variety of products making it easy for you to create instant redeemable coupons and membership cards for your customers.

- Our coupon film with patterned adhesive helps you create membership cards at a width that will maximize your press.
- Ideal for use in the production of clean release cards. The pattern with lift edges allows for the ID cards to be affixed while not pre-dispensing, even when heavy processing is intended.
- You can laminate the face stock of your choice.

Go to our NEW on-line Product Catalog to see our standard products for creating IRC and Membership Cards

www.stratatac.com/products

Choose how you would like to run your lift edge clean release membership cards from a variety of patterns. Below is a list of our stock patterns. Please contact us to discuss custom patterns.

Pattern	Pattern Width	Cards	Orientation	PET Liner	Paper Liner
E	7.5"	2up	Horizontal	X	X
EL	7.5"	3up	Vertical	X	Custom
G	9.875"	4up	Vertical	X	Custom

We also offer both single or dual liner constructions.

Strata-Tac has the face stocks you need for your card.

White PET is available in 5mil, 6mil, 7mil & 10mil and can be supplied either with or without adhesive. We also offer 7pt tag which is available either with or without adhesive.

In addition, our face stocks can be coated for Laser, Inkjet or HP Indigo printing.

Universal Release Pattern for IRCs & Cards:

- "WB" is our star pattern and available in 30" masters. With full coverage of our easy release universal star pattern, it can be used for any size or shape coupon you design.
