

June 1, 2022

Dear Strata-Tac Customer,

This letter is to confirm that all products manufactured and sold by Strata-Tac, Inc. are fully compliant with respect Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH):

To the best of our knowledge, based on our own manufacturing practices and information provided by our raw material suppliers, all raw materials used REACH compliant, REACH registered, or otherwise do not contain any chemicals listed under REACH's Candidate List of Substances of Very High Concern at a concentration greater than the reporting threshold of 0.1% w/w.

This information is based on raw material analysis and statements from our raw material suppliers. REACH restricted substances are not used in the manufacture of the raw materials used to construct our products. Neither Strata-Tac, Inc nor our suppliers routinely test for these substances. To that end, we do not provide substantiating test data.

Please let me know if you have any questions regarding this information

Regards,

Strata-Tac Quality & Regulatory Team
