

# Transfer Tapes for Your Custom Applications

**STRATA-TAC** Transfer Tapes allow you to easily transfer any one of our many adhesives to the substrate of your choice.

## Permanent Applications

Choose one of our permanent adhesives, from All Temp or Freezer Grade to BS5609 or Blood Bag compliant.

**TTEE040** for tamper evident security labels and RFID Tags

**TFE3037** for window decals

**TSDH065** for tight mandrel labels like test tubes

## Removable Labels

You can get Transfer Tapes with any of our Removable or Ultra Removable adhesives.

**TSQ065** for removable retail window signage

**TS047** mid-tack removable for retail shelf labeling

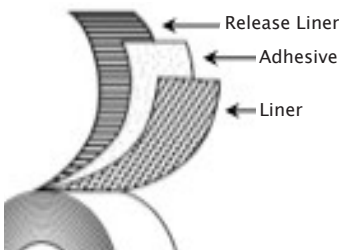

Click on the **RED** item codes to get a product data sheet

## Double Coated Transfer Tapes

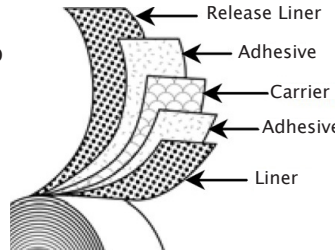

**QDCM037** and **QDC037** for Integral labels for direct mail

**TDF025** to create a PET supported paper label stock

**Two Liner Transfer Tapes** have an adhesive applied to one side of an easy release liner. The other side has a liner with a tight release.

Strata-Tac also offers custom made **double coated tapes** which have your choice of adhesives coated on both sides of a central carrier. Double coated tapes use release liners with a differential release to enable easy unwind and application.
